

# STUDY GUIDE

## PARENTING 216 09.02.2018

### **[start with prayer]**

Missions Prayer Focus this week:  
Ghana Medical Team—Serving September 6-17

### **[set up]**

Share with your group the greatest joy of parenting and the greatest disappointment.

### **[digging deeper]**

Read Galatians 5:16-23 again and visit the definitions in this week's hand out.  
What "works of the flesh" are most evident in your own life and in your family?

What does this text say is the solution to the works of the flesh in your life and family?

If walking by the Spirit is the solution, what does that mean? Read Ezekiel 36:26-27 and Romans 8:5-11 to try and answer this question.

Ask one another to answer the 3 questions that were posed in this week's sermon.

### **[living it out]**

Based on your answers to these questions, develop 1-2 action steps/conversations that you will commit to this week and write all of them down for the group. Next week, ask if everyone followed through on those action steps.

### **[end with prayer]**

Close in prayer in your LifeGroup and pray over the actions steps that you have each decided to take.
