

LONG STORY SHORT

11.14.21

Let's work on writing our own "Long Story Short." Our teaching team is going to guide us through how to write our story over the next few weeks. The goal of writing our story is to share it with others!

Today's focus – **The Fall-What did sin and brokenness look like in your life?**

Questions to answer that can shape this part of your story:

- What are the evidences of the fall in your own life?
- What was the pain that you experienced and the pain that you caused?
- What unsatisfactory solutions did you use to attempt to meet your deep inner needs and brokenness?
- How was your life unfulfilling?
- What were your struggles before you received Christ? Examples: "I was seeking for..." "My life revolved around..." "I gained happiness and security from..." "My life was missing..." "I blamed my issues on..."

Craft this part of your story this week. Add to your Creation piece from last week, practice it, tell it. We will build it each week.

Remember what Pastor Chad said this Sunday:

The fall explains *my* sin and suffering, and God provides *His* solution.
