### [setting it up]

Share about a time when God really showed up in your life and it boosted your faith in Him.

### [digging deeper]

Read through the narrative of the 12 spies found in Numbers 13:1-14:10.

Write down three strong observations that stood out to you and why.

2. \_\_\_\_\_
3. \_\_\_\_\_

Read through the text again underline any moment that you see as related to faith (if you are in a LifeGroup, give everyone 5-10 minutes to do this individually then come back together and have everyone share 1 or 2 parts they underlined and why).

Who led Joshua and Caleb to have such faith in this moment?

Share a moment when you had a “Joshua and Caleb” faith and trusted God when most around you didn’t or share a “congregation” moment where you gave in to doubt and joined the majority not acting in faith.

Do any other Scripture verses come to mind right now that relate to this topic?

What does this have to do with us today, especially in the face of the Coronavirus crisis? How can we live this out?

### [living it out]

Summarize what you learned today in a sentence:

What was the Holy Spirit putting on your heart during this time?

What are you going to do about it?
