SIMPLE WAYS TO BRING THE LESSONS HOME...

MORNING TIME

This month when you go into your child's room, say, "God made the sun and sky so blue. God made me, and God made you!" Tickle your child when you say, "you."

PLAY TIME

Go outside on a sunny day and look for your own shadows. Talk about how light makes shadows, and God made the light! Then, make some fun shadows together.

DRIVE TIME

Since God made everything, let's turn Drive Time into a fun game of, "Look What God Made!" First, place your Creation Station hanging card on your rearview mirror. As you drive along, take turns naming things you see by saying, "God made the [name what you see.]" Then, see if you can name what day it was made. Look at your Creation Station hanging card to check your answers. Soon you'll be a creation pro!

BATH TIME

Pretend your bathtub is a large sea. Seas need waves, right? Show your child how to make waves by slowly opening and closing his or her legs under the water. How cool is that? Talk about how big seas can be, but God is even bigger because God made the seas! Wow!

CUDDLE TIME

Cuddle up with your child this month and pray, "Dear Father God, The Bible says that You decide how many stars there will be, and that You give each of them a name (Psalm 147:4). We think that is so amazing! Thank You for making the sun, moon, and stars. Even more than that, thank You for knowing our names and taking care of *[child's name]*, and me, too. We love You, God. In Jesus' name we pray. Amen."
