SERMON NOTES & QUOTES

I. The Heart of the Shepherd (vv. 30-34)

Rest is not weakness. Rest is alignment with the heart of the Shepherd.

II. The Blindness of the Disciples (vv. 35-37)

"We can't castigate the twelve for being slow about seeing the adequacy of Jesus. We contemporary disciples can spend most of our lives having to learn the same. For we run into new and unknown circumstances as well: a new period in life, a new wrinkle in family relations, new conditions in the workplace, a new trial of a type we've never had to face before. And we don't necessarily think back to how competent and providing Jesus has always been before. We have to learn all over again a very basic truth: the sufficiency of Jesus."

- Dale Ralph Davis

Question to Consider: What need in front of you have you reduced to a problem to solve yourself instead of a taking it to Jesus?

III. The Partnership of Provision(vv. 38-44)

The miracle happens in Jesus' hands, but the distribution happens in theirs.
