Titus 2:6-10

- Pray that the entire leadership team at CVC would embody uncompromised integrity, dignity, and sound speech, creating a lifestyle pattern that completely silences the critics of the gospel and gives those at CVC an example to follow.
- Pray that the Holy Spirit would reframe our understanding of surrender—that the congregation would willingly drop our cultural demands for personal autonomy and proudly embrace being a doulos (wholly owned servant) of King Jesus.
- Pray for the individuals sitting in the seats who are completely exhausted from serving the harsh, empty masters of careerism, human approval, and financial greed, that they would find immediate liberation in Christ during the gospel invitation.
- Pray that our people would walk into their workplaces, schools, and homes on Monday morning viewing their mundane, ordinary routines as a strategic display window to make the beauty of Jesus completely irresistible to a watching world.
- Pray that the church body—young and old, men and women—would reject the patterns of the surrounding culture and fiercely commit to living out the distinct, unified community layout Paul commands in Titus 2.
